City: SOUTH TRURO
PWS Class: TNC

System Information (TNC)

1. PWS Street Address

CORN HILL CONDOMINIUMS		
PWS Name		
CORN HILL RD		
PWS Street Address Line 1	PWS Street Address Line 2	
SOUTH TRURO	Massachusetts	02666
City/Town	State	Zip Code
617-731-3720		
Phone Number	Fax Number (if available)	
Web Site Address of PWS (if available)		

2. PWS Mailing Address

CORN HILL CONDOMINIUMS		
Mailing Name		
C/O MARGARET GRIERSON	22 JENISON STREET, #2	
Mailing address Line 1	Mailing address Line 2	
NEWTON	Massachusetts	02460
City/Town	State	Zip Code

3. Is this a Seasonal System

☐ Yes ☐ No

If **Yes** , List the dates.	Opens: 0501	Closes: 1015
	MM/DD	MM/DD

4. PWS Off Season Mailing Address (if applicable)

Off Season Mailing Name		
Off Season Mailing address Line 1	Off Season Mailing address Line 2	
	Alabama	
City/Town	State	Zip Code
Off Season Phone Number	Off Season Fax Number (if available)	

Off Season Address Starts:		Off Season Address Ends:	
	MM/DD		MM/DD

5. Owner Information: ☐ This is a new owner.

Owners Name- First, Middle Int, Last - one name only(if not municipal):	Phone Number

6. Primary Contact: ☐ This is a new contact.

MARGARET	
GRIERSON	617-731-3720
Name (First, Middle Int, Last) ▪ one name only▪	Phone Number
maggieandriley@gmail.com

PWS Class: TNC

Email Address (For Emergency Purposes)	Re-enter the mail Address

7. Certified Drinking Water Operators employed by the PWS:

Name			Grade	License Number	Primary Operator	Delete
ROY	A	MAHER	2D/2T/1D	24141/20636/23940	b	

Name			Grade	License Number	Primary Operator
RUSSELL	E	TIERNEY	4D/3T/2T	7894/12407/8877	

License Number:

8. Primary Certified Operator Contact Information: This is a new Primary contact.

ROY	A	MAHER	888-377-7678	508-362-9881
Name			Phone Number	Fax Number

Mailing address information is provided to MassDEP by the Division of Professional Licensure

280 HALFWAY POND RD	
Mailing Address 1	Mailing Address 2

PLYMOUTH	Massachusetts	02360		
Town/City	State	Zip Code	E-Mail Address	Re-Enter E-Mail Address

9. Does your facility have tenants?

Yes No

If Yes, please list each tenant (attach additional pages as needed) and their type of business:

Business Name	Type of Activity (e.g. café, day care, light industry)

10. If you use a contract certified operator, does your system have a signed Public Water System Certified Operator Compliance Notice approved by the DEP

Yes No

11. Owner Type:

PRIVATE

12. Federal Employment Identification Number (FEIN):

(FEIN) - Do NOT provide SSN

13. Is this system a not-for-profit organization

Yes No

If yes, indicate Tax Exempt code (e.g., 501C):

14. PopulationServed(DailyAverage):

Winter Population (October March):	0	
Summer Population (April September):	45	
By what method was the population figured	Census Type:	Other
	Other Description:	

15. Distribution Meter information:	
a. Number of Service Connections:	12
b. Percentage of service connections that are metered:	100

16. System Information	
a. Number of Distribution Systems:	1
b. Finished Water Storage Capacity in Million Gallons (MG): [Conversion factor is (# of gallons)/(1,000,000)= MG]	0.001
c. Pumping Capacity (GPM):	15

17. Cross Connection Control Program

Have you surveyed all facilities within your service area for cross connection(s)

Yes No

If Yes, when was the cross connection survey completed? Date (mm/dd/yyyy)

If No, when do you expect to finish the survey? 12/31/2014 Date (mm/dd/yyyy)

Surveyor Personnel Information :
To add a surveyor, enter the certification ID # in the field below and then click the "Add Surveyor" button.
MassDEP Certification ID Number

All testable devices are to be tested and inspected by a licensed tester (RPBP's semi-annually, DCVA's annually). If there are any RPBP's or DCVA's installed at this facility, list the testable device locations and 2012 test dates (attach additional pages if necessary).

RPBP Devices

Device Location	Test # 1(for Reporting Year)	Test # 2(for Reporting Year)

DCVA Devices

Device Location	Test Date(for Reporting Year)

18. Emergency Response Actions:

a. Has your system completed an Emergency Response Plan (ERP).(DO NOT submit your ERP to MassDEP. MassDEP will review

the ERP during your next sanitary survey.)

Yes No

I have made changes to the ERP (attach copies of all changes.)

I have made no changes to the ERP.

b. Does your system have an Emergency Response (ER) annual training plan

Yes No

If Yes, please use the eDEP attachment feature to submit the plan. Describe the training performed during the reporting period, including the types of training, the date(s) of training, and number of staff and local officials trained on each date and their job titles.

c. Is your system registered for the Health and Homeland Alert Network (HHAN)

Yes No

d. Has your system signed the agreement and joined the Massachusetts Water and Wastewater Agency Response Network

Yes No

e. How often does your system test the following

	Alarms:		Other Frequency:	
	Interlocks:		Other Frequency:	
	Back-up power sources:		Other Frequency:	

f. List and describe all Level 3 or higher ER incidents during the reporting period.

Date of ER incident	Level	Description

Water Production & Consumption Information

How to report in Gallons vs. Million Gallons
When Coverting gallons to Million gallons, decimal point moves 6 places to the left.

	If Reporting in Gallons (Gal)	If Reporting in Million Gallons (MG)
Example 1	45,462,100	45.5621
Example 2	340,212	0.340212
Example 3	631,020,000	631.02
Example 4	96,543	0.096543

Volume Units Gallons (GAL) Million Gallons (MG) No Meter

FINISHED Water Production and Consumption Summary for Reporting Year :

Finished Water means water that is introduced into the distribution system of a public water system and is intended for distribution and consumption without further treatment, except as treatment necessary to maintain water quality in the distribution system (e.g. booster disinfection, addition of corrosion control chemicals).

Month	(1) Amount of **finished** water from own sources (GAL)	(2) Amount of **finished** water purchased from other systems (GAL)	(3) Amount of **finished** water sold to other systems (GAL)	(4) Net **finished** Water that entered your distribution system (1) + (2) - (3)= (4) (GAL)
January	0	0	0	0
February	0	0	0	0
March	0	0	0	0
April	20,230	0	0	20,230
May	25,180	0	0	25,180
June	38,170	0	0	38,170
July	85,770	0	0	85,770
August	44,300	0	0	44,300
September	40,550	0	0	40,550
October	0	0	0	0
November	0	0	0	0
December	0	0	0	0
TOTAL	254,200	0	0	254,200

PWS Class: TNC

RAW Water Production and Consumption Summary for Reporting Year :

Raw Water means water in its natural state, prior to treatment and is usually the water entering the first treatment process of a water treatment plant.

b Same as finished water (it is not necessary to complete Table if same volume as above)

Month	(1) Amount of **raw** water pumped from own sources (GAL)	(2) Amount of **raw** water purchased from other systems (GAL)	(3) Amount of **raw** water sold to other systems (GAL)	(4) Net **raw** Water Consumption (1) + (2) - (3) = (4) (GAL)
January	0	0	0	0
February	0	0	0	0
March	0	0	0	0
April	0	0	0	0
May	0	0	0	0
June	0	0	0	0
July	0	0	0	0
August	0	0	0	0
September	0	0	0	0
October	0	0	0	0
November	0	0	0	0
December	0	0	0	0
TOTAL	0	0	0	0

Maximum Daily Raw Water Pumping:	Volume (GAL):	Date:

Summary of Water Sold

Sold Water

System Name	PWS ID#	Total Volume Sold	Water type

Metered Finished Water Consumption by Service Type

U.S. EPA requires every PWS to report what their water is used for in order to characterize each system. In this table, report the percentages of metered water for each category below, ONLY for those categories over 10%. For municipal water suppliers, most of the water will be reported as Residential Area. If any other categories are more than 10% of your metered use, report it in the appropriate category. If any category is less than 10%, do NOT report it. The precentage do NOT have to add to 100%, since water use in some categories will be less than 10% and therefore is not reported.

ONLY report uses for categories over 10% of total metered use. Report ALL metered water use in the Water Management Distribution System Form (if appropriate)

%	Primary Service Area	Type	%	Primary Service Area	Type
	Yes	Day Care Center		Yes	Other Residential
	Yes	Dispenser		Yes	Other Transient
	Yes	Homeowners Association		Yes	Recreation Area
	Yes	Hotel/Motel		Yes	Residential Area
	Yes	Highway Rest Area		Yes	Restaurant
	Yes	Industrial/Agricultural		Yes	Retail Employees
	Yes	Interstate Carrier		Yes	School
	Yes	Institution		Yes	Sanitary Improvement District
	Yes	Medical Facility		Yes	Summer Camp
	Yes	Mobile Home Park		Yes	Secondary Residences
	Yes	Mobile Home Park, Principal Residence		Yes	Service Station
	Yes	Municipality		Yes	Subdivision
	Yes	Other Area		Yes	Water Bottler
100	Yes	Other Non-Transient Area		Yes	Wholesaler
	Yes	Commercial

Source Protection - IWPA

IWPA

1. Mass DEP assigned IWPA ID #:	10961
IWPA Radius in Feet #:	473

2. DEP Source IDs and Names of the withdrawal points in IWPA.

SourceID	Source Name	Zone I Radius	Zone I Control	Pollution Sources	Comments
4300027-01G	WELL 1	160			WELL # 1

3. MassDEP SWAP Program Identified Potential Sources of Contamination (PSC), please update with current water supply protection area inventory information.

No data found

4. Did your inspections of the IWPA identify any new land uses or activities that pose a threat to drinking water quality?

Yes No

If YES, please describe:

5. Did your inspection identify any violations of state or local land use controls?

Yes No

If YES, please describe the violation(s), reporting and resolutions:

6. If YES, did you report those violations to the municipality (i.e. building inspector, board of health, planning board)?

Yes No

IWPA

1. Mass DEP assigned IWPA ID #:	13841
IWPA Radius in Feet #:	473

2. DEP Source IDs and Names of the withdrawal points in IWPA.
